# DOES CANCER RUN IN YOUR FAMILY?

Your healthcare provider needs to know for your visit today!

**TAKE A PICTURE WITH YOUR  
CAMERA TO OPEN!**

1

Use your phone to access our screening site

[www.mygenehistory.com/cornerstonemd](http://www.mygenehistory.com/cornerstonemd)

2

Enter your personal and family cancer history

Don't forget your grandparents, aunts, uncles and cousins on both sides!

3

Show your result to your healthcare provider

If your result meets society guidelines, watch the included video. This video will answer many of the questions you may have.

**Myriad myRisk™ Hereditary Cancer testing  
may be an option for you today.**

Name: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

Today's Date: \_\_\_\_\_

**Check the box based on the result you receive:**

- ☐ Based on your answers, you appear to meet society guidelines for hereditary cancer testing. You may be a candidate for Myriad myRisk™ Hereditary Cancer testing. Please make sure to discuss your results with your provider.
- ☐ Based on your answers, you do not appear to meet guidelines for hereditary cancer testing. However, it is still important to discuss your personal and family history with your healthcare provider.

CornerStoneMD

## Testosterone Pellet Insertion Consent Form

Bio-identical testosterone pellets are hormone, biologically identical to the testosterone that is made in your own body. Testosterone was made in your testicles prior to "andropause." Bio-identical hormones have the same effects on your body as your own testosterone did when you were younger. Bio-identical hormone pellets are plant derived and bio-identical hormone replacement using pellets has been used in Europe, the U.S. and Canada since the 1930's. Your risks are similar to those of any testosterone replacement but may be lower risk than alternative forms. During andropause, the risk of not receiving adequate hormone therapy can outweigh the risks of replacing testosterone.

### **Risks of not receiving testosterone therapy after andropause include but are not limited to:**

Arteriosclerosis, elevation of cholesterol, obesity, loss of strength and stamina, generalized aging, osteoporosis, mood disorders, depression, arthritis, loss of libido, erectile dysfunction, loss of skin tone, diabetes, increased overall inflammatory processes, dementia and Alzheimer's disease, and many other symptoms of aging.

**CONSENT FOR TREATMENT:** I consent to the insertion of testosterone pellets in my hip. I have been informed that I may experience any of the complications to this procedure as described below. **Surgical risks are the same as for any minor medical procedure.**

### **Side effects may include:**

Bleeding, bruising, swelling, infection, pain, reaction to local anesthetic and/or preservatives, lack of effect (typically from lack of absorption), increased breast tissue, thinning hair, male pattern baldness, increased growth of prostate and prostate tumors, extrusion of pellets, hyper sexuality (overactive libido), ten to fifteen percent shrinkage in testicle size and significant reduction in sperm production. There is some risk, even with natural testosterone therapy, of enhancing an existing current prostate cancer to grow more rapidly. For this reason, a prostate specific antigen blood test is to be done before starting testosterone pellet therapy and will be conducted each year thereafter. If there is any question about possible prostate cancer, a follow-up with an ultrasound of the prostate gland may be required as well as a referral to a qualified specialist. While urinary symptoms typically improve with testosterone, rarely they may worsen, or worsen before improving. Testosterone therapy may increase one's hemoglobin and hematocrit or thicken one's blood. This problem can be diagnosed with a blood test. Thus, a complete blood count (Hemoglobin and Hematocrit.) should be done at least annually. This condition can be reversed simply by donating blood periodically.

### **BENEFITS OF TESTOSTERONE PELLETS INCLUDE:**

Increased libido, energy, and sense of well-being; increased muscle mass and strength and stamina; decreased frequency and severity of migraine headaches; decrease in mood swings, anxiety and irritability (secondary to hormonal decline); decreased weight (increase in lean body mass); decrease in risk or severity of diabetes; decreased risk of Alzheimer's and dementia; and decreased risk of heart disease in men less than 75 years old with no pre-existing history of heart disease.

On January 31, 2014, the FDA issued a Drug Safety Communication indicating that the FDA is investigating risk of heart attack and death in some men taking FDA approved testosterone products. The risks were found in men over the age of 65 years old with pre-existing heart disease and men over the age of 75 years old with or without pre-existing heart disease. These studies were performed with testosterone patches, testosterone creams and synthetic testosterone injections and did not include subcutaneous hormone pellet therapy.

I agree to immediately report to my practitioner's office any adverse reactions or problems that may be related to my therapy. Potential complications have been explained to me and I agree that I have received information regarding those risks, potential complications and benefits, and the nature of bio-identical and other treatments and have had all my questions answered. Furthermore, I have not been promised or guaranteed any specific benefits from the administration of bio-identical therapy. I certify this form has been fully explained to me, and I have read it or have had it read to me and I understand its contents. I accept these risks and benefits and I consent to the insertion of hormone pellets under my skin. This consent is ongoing for this and all future insertions.

I understand that payment is due in full at the time of service. I also understand that it is my responsibility to submit a claim to my insurance company for possible reimbursement. I have been advised that most insurance companies do not consider pellet therapy to be a covered benefit and my insurance company may not reimburse me, depending on my coverage. I acknowledge that my provider has no contracts with any insurance company and is not contractually obligated to pre-certify treatment with my insurance company or answer letters of appeal.

## Post-Insertion Instructions for Men

- Your insertion site has been covered with two layers of bandages. The inner layer is a steri-strip and the outer layer is a waterproof dressing.
- We recommend putting an ice pack on the insertion area a couple of times for about 20 minutes each time over the next 4 to 5 hours. You can continue for swelling if needed. *Be sure to place something between the ice pack and your bandages/skin. Do not place ice packs directly on bare skin.*
- No tub baths, hot tubs, or swimming pools for **7 days**. You may shower, but do not scrub the site until the incision is well healed (about 7 days).
- **No major exercises for the incision area for 7 days.** This includes running, elliptical, squats, lunges, etc. You can do moderate upper body work and walking.
- The sodium bicarbonate in the anesthetic may cause the site to swell for 1-3 days.
- The insertion site may be uncomfortable for up to 2 to 3 weeks. If there is itching or redness you may take Benadryl for relief, 50 mg. orally every 6 hours. Caution this can cause drowsiness!
- You may experience bruising, swelling, and/or redness of the insertion site which may last from a few days up to 2 to 3 weeks.
- You may notice some pinkish or bloody discoloration of the outer bandage. This is normal.
- If you experience bleeding from the incision, apply firm pressure for 5 minutes.
- Please call if you have any bleeding (not oozing) not relieved with pressure, as this is NOT normal.
- Please call if you have any pus coming out of the insertion site, as this is NOT normal.

### Reminders:

- Remember to go for your post-insertion blood work **4 weeks** after the insertion.
- Most men will need re-insertions of their pellets **5-6 months** after their initial insertion.
- Please call to make an appointment for re-insertion as soon as symptoms that were relieved from the pellets start to return. The charge for the second visit will be only for the insertion, not a consultation.

### Additional Instructions:

## WHAT MIGHT OCCUR AFTER A PELLET INSERTION (MALE)

A significant hormonal transition will occur in the first four weeks after the insertion of your hormone pellets. Therefore, certain changes might develop that can be bothersome.

- **FLUID RETENTION:** Testosterone stimulates the muscle to grow and retain water which may result in a weight change of two to five pounds. This is only temporary. This happens frequently with the first insertion, and especially during hot, humid weather conditions.
- **SWELLING of the HANDS & FEET:** This is common in hot and humid weather. It may be treated by drinking lots of water, reducing your salt intake, taking cider vinegar capsules daily, (found at most health and food stores) or by taking a mild diuretic, which the office can prescribe.
- **MOOD SWINGS/IRRITABILITY:** These may occur if you were quite deficient in hormones. They will disappear when enough hormones are in your system.
- **FACIAL BREAKOUT:** Some pimples may arise if the body is very deficient in testosterone. This lasts a short period of time and can be handled with a good face cleansing routine, astringents and toner. If these solutions do not help, please call the office for suggestions and possibly prescriptions.
- **HAIR LOSS:** Is rare and usually occurs in patients who convert testosterone to DHT. Dosage adjustment generally reduces or eliminates the problem. Prescription medications may be necessary in rare cases.
- **HAIR GROWTH:** Testosterone may stimulate some growth of hair on your chin, chest, nipples and/or lower abdomen. This tends to be hereditary. You may also have to shave your legs and arms more often. Dosage adjustment generally reduces or eliminates the problem.
- **INCREASED BREAST TISSUE:** This may occur in patients who rapidly convert testosterone to estrogen. Dosage adjustment generally reduces or eliminates this problem.

## No-Show, Late & Cancellation Policy

### Description

“No Show” shall mean any patient who fails to arrive for a scheduled appointment. “Same Day Cancellation” shall mean any patient who cancels an appointment less than 24 hours before their scheduled appointment. “Late Arrival” shall mean any patient who arrives at the practice 15 minutes after the expected arrival time for the scheduled appointment.

### Policy

It is the policy of the practice to monitor and manage appointment no-shows and late cancellations. Our goal is to provide excellent care to each patient in a timely manner. If it is necessary to cancel an appointment, patients are required to call or leave a message **at least 24 hours** before their appointment time. Notification allows the practice to better utilize appointments for other patients in need of prompt medical care.

**Should the patient fail to provide 24-hour notice of cancellation, reschedule or no-show, the patient is subject to a \$50 cancellation fee.**

### Procedure

- I. A patient is notified of the appointment “No-Show, Late, & Cancellation Policy” at the time of scheduling. This policy can and will be provided in writing to patients at their request.
- II. **Established patients:**
  - a. Appointment must be canceled at least 24 hours prior to the scheduled appointment time.
  - b. In the event a patient arrives late as defined by “late arrival” to their appointment, and cannot be seen by the provider on the same day, they will be rescheduled for a future visit.
  - c. In the event a patient has incurred three (3) documented “no-shows” and/or “same-day cancellations,” the patient may be subject to dismissal from the practice. The patient’s chart is reviewed and dismissals are determined by a physician only, no exceptions.
- III. **New patients:**
  - a. Appointment must be canceled at least 24 hours prior to scheduled appointment time.
  - b. In the event of a no-show, the practice may require a new referral sent from the referring physician.
  - c. In the event a patient arrives late as defined by “late arrival” to their appointment, the practice reserves the right to request a new referral sent from the referring physician.
  - d. In the event of three (3) documented “no shows” and/or “same-day cancellations,” the patient may be subject to dismissal from the practice. The patient’s chart is reviewed and dismissals are determined by a physician only, no exceptions.

## General Consent for Care and Treatment Consent

**TO THE PATIENT:** You have the right, as a patient, to be informed about your condition and the recommended surgical, medical or diagnostic procedure to be used so that you may make the decision whether or not to undergo any suggested treatment or procedure after knowing the risks and hazards involved. This consent form is simply an effort to obtain your permission to perform the evaluation necessary to identify the appropriate treatment and/or procedure for any identified condition(s).

This consent provides us with your permission to perform reasonable and necessary medical examinations, testing and treatments. By signing below, you are indicating that (1) you intend that this consent is continuing in nature even after a specific diagnosis has been made and the treatment recommended; and (2) you consent to treatment at this office or any other satellite office under common ownership. The consent will remain fully effective until it is revoked in writing. You have the right at any time to discontinue services.

You have the right to discuss the treatment plan with your physician about the purpose, potential risks and benefits of any test ordered for you. If you have any concerns regarding any test or treatment recommended by your health care provider, we encourage you to ask questions.

I voluntarily request a physician, and/or mid-level provider (Nurse Practitioner, Physician Assistant, or Clinical Nurse Specialist) and other health care providers or the designees as deemed necessary to perform reasonable and necessary medical examination, testing and treatment for the condition which has brought me to seek care at this practice. I understand that if additional testing, invasive or interventional procedures are recommended, I will be asked to read and sign additional consent forms prior to the test(s) or procedure(s).

## Consent for Communication

Patients/Clients frequently request that we communicate with them by phone, voicemail, email or text. CornerstoneMD respects your right to confidential communications about your protected health information (PHI) as well as your right to direct how those communications occur. Since email and text messaging can be inherently insecure as a method of communication, we will only communicate with you by email or text with your written consent at the email address or phone number you provide to us below. Please be aware that if you have an email account through your employer, your employer may have access to your email.

When you consent to communicating with us by email or text you are consenting to email and texting communications that may not be encrypted. Voicemail or answering machine messages may be intercepted by others. Therefore, you are agreeing to accept the risk that your protected health information may be intercepted by persons not authorized to receive such information when you consent to communicating with us through phone, voicemail, email or text. CornerstoneMD will not be responsible for any privacy or security breaches that may occur through voicemail, email or text communications that you have consented to.

### (Check all that apply:)

- ☐ I consent to the following forms of communication, including but not limited to communication about my medical condition and advice from my health care providers.
  - ☐ Voicemail
  - ☐ Email
  - ☐ Text Message
- ☐ I do not consent to **any** voicemail, email or texting communication.

**I certify that I have read and fully understand the above statements and consent fully and voluntarily to its contents.**

# NOTICE OF PRIVACY PRACTICES

**THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.  
THE PRIVACY OF YOUR HEALTH INFORMATION IS IMPORTANT TO US. PLEASE REVIEW IT CAREFULLY.**

---

## USES AND DISCLOSURES OF HEALTH INFORMATION

We use and disclose health information about you for treatment, payment, and healthcare operations. For example:

**Treatment:** We may use or disclose your health information to a physician or other healthcare provider providing treatment to you, or to family and friends you approve.

**Payment:** We may use and disclose your health information to obtain payment for services we provide to you.

**Healthcare Operations:** We may use and disclose your health information in connection with our healthcare operations. Healthcare operations include quality assessment and improvement activities, reviewing the competence or qualifications of healthcare professionals, evaluating practitioner and provider performance, conducting training programs, accreditation, certification, licensing or credentialing activities.

**Your Authorization :** In addition to our use of your health information for treatment, payment or healthcare operations, you may give us written authorization to use your health information or to disclose it to anyone for any purpose. You also have the right to request restrictions on disclosure of PHI (Personal Health Information), or alternative means of communication to ensure privacy.

**Marketing Health-Related Services:** We will not use your health information for marketing communications without your written authorization.

**Required by Law:** We may use or disclose your health information when we are required to do so by law or national security activities.

**Abuse or Neglect:** We may disclose your health information to appropriate authorities when we suspect abuse or neglect.

**Appointment Reminders:** We may use or disclose your health information to provide you with appointment reminders (Such as voicemail messages, postcards, or letters).

---

## PATIENT RIGHTS

**Access:** You have the right to look at or get copies of your health information with limited exceptions. If you request copies, we will charge you a reasonable fee to locate and copy your information, and postage if you want the copies mailed to you.

**Amendment:** You have the right to request that we amend your health information.

## QUESTIONS AND COMPLAINTS

If you want more information about our privacy practices or have questions or concerns, please contact us.

If you are concerned that we may have violated your privacy rights, or you disagree with a decision we made about access to your health information or in response to a request you made to amend or restrict the use or disclosure of your health information or to have us communicate with you by alternative means or at alternative locations, you may complain to us using the contact information listed at the end of this Notice. You also may submit a written complaint to the U.S. Department of Health and Human Services. We will provide you with the address to file your complaint with the U.S. Department of Health and Human Services upon request.

We support your right to the privacy of your health information. We will not retaliate in any way if you choose to file a complaint with us with the U.S. Department of Health and Human Services. A Privacy/Contact Officer has been designated for this office. The Privacy Officer can be contacted by simply contacting the office and asking to speak to the Office Manager who serves as the Privacy Officer.

## **Patient acknowledgement of the Notice of Privacy Practices and Consent for use and disclosure of personal health information.**

I, \_\_\_\_\_, acknowledge that I have received a copy of this office's Notice of Privacy Practices or that this office's Notice of Privacy Practices was made available to me to receive.

I, \_\_\_\_\_, consent to the use and disclosure of my personal health information by your office for treatment, billing, payment and health care operations as outlined in the Notice of Privacy Practices.

## Authorization for Claims Payment and Reviews

- 1. Assignment and Coordination of Insurance Benefits** - I agree to provide information regarding all group hospitalization, health maintenance organization, Workers' Compensation, automobile, and other health care benefits ("Insurance Plan(s)") to which I may be entitled. I hereby assign payment(s), if any, from my Insurance Plan(s) to CornerstoneMD (or its affiliate) and each of the independent contractor physicians and/or professional corporations for services rendered to me. The direct payment hereby assigned and authorized includes any Insurance Plan(s) benefits to which I am otherwise entitled, including any major medical benefits otherwise payable to me under the terms of my policy, but is not to exceed the balance due to the CornerstoneMD (or its affiliate), the independent contractor physicians and/or professional corporations for services rendered to me during the applicable periods of medical care.
- 2. Unauthorized, Non-Covered, or Out of Plan Services** - I understand if my Insurance Plan(s) does not consider any services rendered at the time of service they will not pay for the service rendered during time of visit. I agree to be fully responsible for payment to CornerstoneMD for this service if determined by my Insurance Plan(s) to be a non-covered service. I also understand and acknowledge that in the case of Out of Plan/Network services, there may be reduced benefits and I may be required to pay a larger co-payment, coinsurance or other charge in the event my Insurance Plan(s) does not reimburse these services provided to me, I acknowledge I will be responsible for any remaining balance.

By signing below, I certify I have read and understand the foregoing, have had the opportunity to ask questions and have them answered and accept the above conditions and terms and I agree to pay all charges for which I may be legally responsible including, but not limited to health insurance deductibles, co-payments, and non-covered services. I also agree in the event my account must be placed with an attorney or collection agency to obtain payment, I will pay the reasonable attorneys' fees and other collection costs incurred by CornerstoneMD.

### Payment Guidelines:

We collect copays, coinsurance, and/or deductibles at the time of service unless other written arrangements have been made in advance with our office. We accept **Cash, Checks and Credit Cards** (Visa, Mastercard, Discover and American Express). If your check is returned, a processing fee will be assessed in addition to the amount of the check.

A claim will be sent to your insurance company for payment. If your insurance company remits the payment to you, please send the payment to our office, along with the Explanation of Benefits. Any balance that your insurance company determines to be your financial responsibility will be mailed to you. Payment is due in full upon receipt of your statement. Balances that remain unpaid after 90 days may be referred to an outside collection agency for further collections efforts.

### OUT-OF-NETWORK PROVIDER

I understand and acknowledge that my health insurance plan considers Cornerstone MD/MetTrimMD an out-of-network provider. I am aware that I am responsible for payment at the time of service. I have been told what I will be responsible for and I agree to the pricing. I hereby authorize Cornerstone MD/MetTrimMD to provide me with treatment and care.

### PATIENT CONSENT FORM: SELF PAY PROVIDER

I understand and acknowledge that Cornerstone MD/MetTrimMD does not accept my insurance. I am aware that I am responsible for payment at the time of service. I have been told what I will be responsible for and I agree to the pricing. I hereby authorize Cornerstone MD/MetTrimMD to provide me with treatment and care.

***I understand and agree this document will remain in effect for all future outpatient or physician office visits to CornerstoneMD, unless specifically rescinded in writing by me.***

## Telemedicine Informed Consent

Telemedicine services involve the use of secure interactive videoconferencing equipment and devices that enable health care providers to deliver health care services to patients when located at different sites.

1. I understand that the same standard of care applies to a telemedicine visit as applies to an in-person visit.
2. I understand that I will not be physically in the same room as my health care provider. I will be notified of and my consent obtained for anyone other than my healthcare provider present in the room.
3. I understand that there are potential risks to using technology, including service interruptions, interception, and technical difficulties.
  - a. If it is determined that the videoconferencing equipment and/or connection is not adequate, I understand that my health care provider or I may discontinue the telemedicine visit and make other arrangements to continue the visit.
4. I understand that I have the right to refuse to participate or decide to stop participating in a telemedicine visit, and that my refusal will be documented in my medical record. I also understand that my refusal will not affect my right to future care or treatment.
  - a. I may revoke my right at any time by contacting CornerstoneMD at 469-801-8480.
5. I understand that the laws that protect privacy and the confidentiality of health care information apply to telemedicine services.
6. I understand that my health care information may be shared with other individuals for scheduling and billing purposes.
  - a. I understand that my insurance carrier will have access to my medical records for quality review/audit.
  - b. I understand that I will be responsible for any out-of-pocket costs such as copayments, deductibles or coinsurances that apply to my telemedicine visit.
  - c. I understand that health plan payment policies for telemedicine visits may be different from policies for in-person visits.
7. I understand that this document will become a part of my medical record.

By signing this form, I attest that I (1) have personally read this form (or had it explained to me) and fully understand and agree to its contents; (2) have had my questions answered to my satisfaction, and the risks, benefits, and alternatives to telemedicine visits shared with me in a language I understand; and (3) am located in the state of Texas and will be in Texas during my telemedicine visit(s).

- It is also understood that the use of the photographs used by CornerstoneMD or MetTrimMD will be used in a way to protect patient identity, including, but not limited to facial procedures.

I hereby release Cornerstone MD and its agents from any and all claims and demands arising out of, or in conjunction with, the use of the photographs.

I am of legal age.

I have read the foregoing fully and understand its contents.
